EVENTIST PILGRIM'S

PIERCE
SOUTHWESTERN FAJITA BOWL

Nearly one of every five chickens produced in the United States comes from Pilgrim's.!

As the second-largest U.S. producer, we have the capacity to satisfy the military's CONUS and OCONUS foodservice needs.

Those who know the Pierce and Gold Kist brands believe they offer a perfect mix of quality, flavor, and value.

Nearly 60% agree that Pilgrim's is a high-quality, premium brand.²

READY FOR DUTY

Pierce Chicken and Gold Kist produce high-quality whole-muscle chicken products that elevate your menu. These products can help cafeteria leaders make the most efficient use of equipment and personnel by expediting prep, minimizing plate costs, and helping to control cost per serving—all while using existing kitchen ovens and fryers.

HEAR A

**HOOAH! OORAH!
OR HOOYAH!**
FROM

THOSE YOU SERVE

Serving marinated products from Pilgrim's, Pierce Chicken, and Gold Kist makes it easier to get a positive response from the troops you serve. In addition to delivering great taste, expediting prep, and extending holding times, marination:

- ★ Extends usable shelf life by adding antioxidants
- ★ Enhances flavor and the overall eating experience
- ★ Improves the texture, mouthfeel, and juiciness of meat
- ★ Tenderizes meat and helps lock in moisture
- ★ Introduces antimicrobials that fight bacteria

PIERCE CHICKEN AND GOLD KIST PRODUCTS HELP PRODUCE STRONG TROOPS

Serving chicken all day long and replacing indulgent menu items with healthier ones can help troops build the energy they need to conquer their toughest days.

BREAKFAST

- Chicken Fritter Potato Stack
- Chicken Fajita Omelet
- Chicken Breakfast Sausages

LUNCH

- Fire-Roasted Chicken Chili
- Chunky Chicken Mac & Cheese
- Chicken Quesadillas

DINNER

- Boneless Wing Stir-Fry
- Bruschetta Skewers
- Chicken Cheesesteaks

For complete recipes and more ideas, go to the Menu Part section at poultry.com.

PIILGRIM'S PRODUCTS RALLY TROOPS

Personnel will pick Pierce Chicken and Gold Kist products for outstanding flavor and quality—the two most important value-added, frozen chicken drivers, according to a recent study—while satisfying their daily nutrition requirements too.
